

Dino Dig

The Dino Dig Program is a small group session designed to help little dino lovers connect with their peers around a special interest and roar-some craft, movement activities, and sensory play.

**Age:**

4-6 years

Cost:

\$220 (approx)

Venue:

**Early Start Australia,
Ashmore**

Time:

**9:30-11:00am
Thursday 17th April 2025**

In this program we are working on building skills for:

- Sharing interests with peers
- Creative and imaginative play
- Language concepts e.g. on, off, under, over etc.
- Sensory exploration
- Fine motor control
- Joining in with group activities

This group will be run by a speech pathologist and occupational therapist. Language concepts will be taught through explicit teaching and modelling during sensory play, movement, and craft activities.

A caregiver is welcome to stay with a child if this will assist with the child's comfort and participation in the group but this is not a requirement for joining the group. Support ratio is 1 therapist per 2 children.

To express interest or register please either scan the QR code above, click [here](#), contact our Care Team on **1300 372 439** or email ashmore@earlystartaustralia.com.au.
